The **DESERT LIGHT PHOTOGRAPHY GROUP** has grown nicely and our membership, group size limited to 40 members, is filled to capacity at this time. We will add new members from waiting list as members who no longer can attend drop out of the group. We continue to have our meetings as per the start of this group that originated here by Alan & Penny at our Cavecreek Photographic Workshop's studio in North Phoenix. The success of this group is because of you the members and us that organized the photo club. We hope to maintain the group as a unity and look forward to your long term membership and friendship and creativity.
